FINANCE

The Financial Year 2018 shows a healthy cash flow generated mainly from rental income of our building and Member's Annual Subscription, Entrance Fees and also Life Members. This is the first year that we manage to collect operational revenue of more than RM600,000 within the year. With this new development financially we have shown surpluses income against expenses less depreciation.

Comparatively, revenue from members in form of Yearly Subscription and Entrance Fees for new Members are still small. New membership drive should be initiated to ensure more new active Members participating in our activities, hence it will generate income.

We are looking forward for better prizes and increase in number of participation in our golfing activities. With the surpluses in our coffer, more fund allocation will be given in our Golf Tournament for the benefit of our Members.

ACKNOWLEDGEMENT

We wish to express our appreciation to Golf Clubs and Hotels which continued to give their concessional rates to our members.

To the Members of the Society who participated in the various activities of the Society during the period under review we wish to express our appreciation for the continued support.

Finally, I would like to take this opportunity to record my thanks and appreciation to my colleagues in the Council as well as the Executive Committee and to members of the Sub-Committees and the Staff of the Society for the support and the cooperation they have given me in the execution of my duties. Their dedication has made my job that much easier and pleasant.
