**FINANCE**

The Financial Year 2019 shows a healthy cash flow generated mainly from rental income of our building and Member’s Annual Subscription, Entrance Fees and also Life Members. This is the first year that we manage to collect operational revenue of RM605,528 within the year.

With this new development financially we have shown surpluses income against expenses less depreciation. Comparatively, revenue from members in form of Yearly Subscription and Entrance Fees for new Members are still small. New membership drive should be initiated to ensure more new active Members participating in our activities, hence it will generate income.

We are looking forward for better prizes and increase in number of participation in our golfing activities. With the surpluses in our coffer, more fund allocation will be given in our Golf Tournament for the benefit of our Members.

**ACKNOWLEDGEMENT**

I would like to express my gratitude and appreciation to all Golf Clubs and Hotels throughout Malaysia who continue to provide the best prices to the association and also to SGSM members.

To the members of the SGSM Association who have participated in the various Golfing activities planned by the Association during the period of 2019, I would like to thank you for this continued support.

Finally, I would like to take this opportunity to record my thanks and appreciation to my colleagues in the Council as well as the Executive Committee and to members of the Sub-Committees and the Staff of the Society for the support and the cooperation they have given me in the execution of my duties. Their dedication has made my job that much easier and pleasant
